I would like to see if the board can add an agenda item to discuss the 1500 hour requirement for individuals coming in from another state.

Most barbers have already completed schooling, taken the written and practical exam to obtain their license and have been licensed for some time. Not all states, both past and present, require 1500 hours. You have plenty of barbers who are currently licensed that should be able to be given some sort of waiver from NC when it comes to the hour requirement. The waiver can be based off of a certain time frame but would not require everyone to retake the exam. For example, if someone only had 1300 hours they could be given a waiver for any time they actually worked in the field over 3 years.

I would appreciate it if you would let me know if this can be put on the next board meeting agenda for discussion/consideration.
