**Subject:** Rule change - attestations rather than notarizations

Dear schools,

Effective October 1, 2020, several of the board's rules related to applications and forms changed. Among these changes, the board replaced the requirements for certain notarizations with attestations. This change eliminates the need for applicants to go to a notary, which will help during the pandemic. In addition, it helps us put additional applications online.

There are some exceptions, so applicants should carefully review the application requirements. The website is being updated with the new forms; the apprentice barber exam application has been updated.

If you have any questions about this change, please let me know

Dennis
