**Subject:** Exam-information portal for applicants

Dear schools,

I'm very happy to announce that we now have an online portal for applicants to access information about their exams. The portal will allow them to:

- See information (date, times, and locations) about upcoming scheduled exams;
- Download copies of the exam notices;
- Access exam instructions and candidate information bulletins;
- See a list of past exams where results have been posted (please note that past exams won't appear if the results haven't been received or processed yet); and
- Download copies of exam-results letters or score sheets.

We'll still notify applicants by mail, but we encourage you to refer students to this exam portal for any questions they have about their exams, including whether they've been scheduled, where and when the exam will occur, and what the outcome was (if available).

There are several benefits for your students:

- Applicants have a one-stop shop for all things exam-related;
- Applicants can get results faster than they would by waiting for mail;
- By getting results sooner, applicants who pass their exams can pay for and receive licenses faster;
- Similarly, applicants who fail exams can pay quicker to retake the exam and reduce the time trying to get their licenses;
- Applicants who need additional copies of letters or score sheets can easily download them; and
- Applicants who lose their exam letters or didn't receive them can get the information online.

To access the portal, applicants will go to [www.barbers.nc.gov](http://www.barbers.nc.gov) and select Forms (or Forms & Payments, depending on the device they're using). There's a section called Exam information (see screenshot below) where they can access the portal.

If you have any questions or concerns, please let me know

Dennis
